Support from pharmaceutical partners helps make this event possible. As such, it is important that we comply with the various codes and directives relating to the manufacturing, distribution, and marketing of pharmaceutical products. The European Union directive (2001/83/EC, article 86) provides guidelines relating to medicinal products for human use. Within these guidelines is the restriction that access to pharmaceutical product marketing activities must be limited to only those participants licensed/authorized to prescribe or supply medicinal products. All participants, with the exception of the exhibitors, are asked the following question during registration: Are you licensed/authorized to prescribe or supply prescription-only medicines? Discover the impact of COVID-19 on autoimmune diseases. This book provides essential insights for healthcare professionals dealing with COVID-19

patients and those with autoimmune disorders. Learn more about this exciting project [HERE](#). Participants are requested to check with the Consulate/Embassy of Italy or diplomatic mission in their home country or with their travel agency for visa requirements. It is the responsibility of the participant to obtain a visa if required. An official personalized letter of invitation can be provided to registered participants as part of the registration procedure. This invitation is prepared solely for the purpose of visa applications and does not constitute a commitment on the part of the organizers to provide any financial support or confirmation of inclusion in the scientific program.

Invitation letters can be provided electronically (PDF) if required after the registration process is completed. If you have already registered, please find the link for this visa letter portal in your registration confirmation email. For further information please [contact us](#). All event activities (including educational sessions, meal functions, exhibit hall, etc.) are exclusively reserved for registered attendees. Non-registered guests (including children, family members, colleagues, etc.) are not allowed in any of the event areas. Badges provided at registration are required for entrance into all functions and will be strictly enforced. The Congress Secretariat and Organizers cannot accept liability for personal accidents or loss of or damage to private property of participants. Participants are advised to take out their own personal travel and health insurance for their trip. As Organizers of the 7th International Congress on Controversies in Rheumatology & Autoimmunity taking place in Turin, Italy from 16-18 March 2023, we entrust TWT srl, Rome, to collect the applications from pharmaceutical companies (participating as sponsors or exhibitors) for the Italian Ministry of Health agency AIFA procedure, in compliance with the instructions given by the Legislative Order 219 of the 24th April 2006 – art. 124.
